*AG = American Girl field

*DG = Diamond Girl field

*Infield/Outfield = "splitting" the field, where "Team1 - Team2" = Team1 uses the Infield for the first half of practice while Team2 uses the Outfield; then the teams swap fields for the second half of the practice.

Practice Field Guidelines

Teams are free to swap practice days/times/locations, but the listed team has priority on the field at the assigned time. Teams may also switch to an unscheduled slot; contact the Scheduler (scheduler@mvlags.org) to arrange that.

Please inform the Scheduler anytime you do not plan on using a scheduled practice time, so that another team may take the slot if desired.

During pre-season, and throughout the season, if a field appears to be open, any team may use that field for practice. The first team to arrive may use that field. If another team arrives to use the infield space, the occupying team must allow them access.

Similar rules apply to the batting cage use during the season — 1 hour maximum time if another team is waiting.
